Johnson Tells Military He Wants Dollar's Value

WASHINGTON (AP)—President Johnson told the Joint Chiefs of Staff today that he wants "a dollar's value for every dollar spent" on national defense.

In his first meeting with the military high command as commander in chief, Johnson emphasized the insistence on economy which he mentioned in his address to a joint session of Congress Wednesday, the White House said.

Canaveral Renamed For JFK

Space Center Also Bears Name Of Late Chief

CAPE KENNEDY, Fla. (AP)—Cape Canaveral today bears the name of Cape Kennedy, honoring martyred John F. Kennedy, who designated it as the blast-off point for trips to the moon.

President Lyndon B. Johnson also named this Florida East Coast promontory's vast facilities for rocketry the John F. Kennedy Space Center.

The surprise action Thursday night drew mostly favorable comment here but it posed some problems for businesses which have capitalized on the Cape Canaveral name.

Some officials, including Gov. Farris Bryant of Florida and missile-space program executives, drew heartening inference that Johnson's action means full-speed ahead on the man-in-the-moon flight and other projects President Kennedy pushed.

Johnson announced the changes to a nationwide television and radio audience in his Thanksgiving message.

At Cocoa Beach, closest civilian community to the cape, Bernard Fischer, operator of a restaurant, said "I think changing the name of the center is a wonderful idea."

"I don't know about renaming the cape—it's been Cape Canaveral since it was named anything," he said.

Fred Boyer, map consultant for the Rollins College Library, said that name appears on a 1958 war map. "Canaveral" is a Spanish word meaning cane or reed field.

Noted War Reporter Dead at 58

MONTEREY, Calif. (AP)—Edward Kennedy, former World War II Associated Press correspondent who first reported the German surrender in 1945, died today of injuries suffered in an auto accident. He was 58.

Kennedy, associate editor of the Monterey Peninsula Herald, suffered multiple fractures early Sunday morning when struck down by a car while he was walking home, officers said.

The driver of the sports car that allegedly struck Kennedy was identified as Mrs. Alice Kathleen O'Connell Tornell, 24, of Monterey.

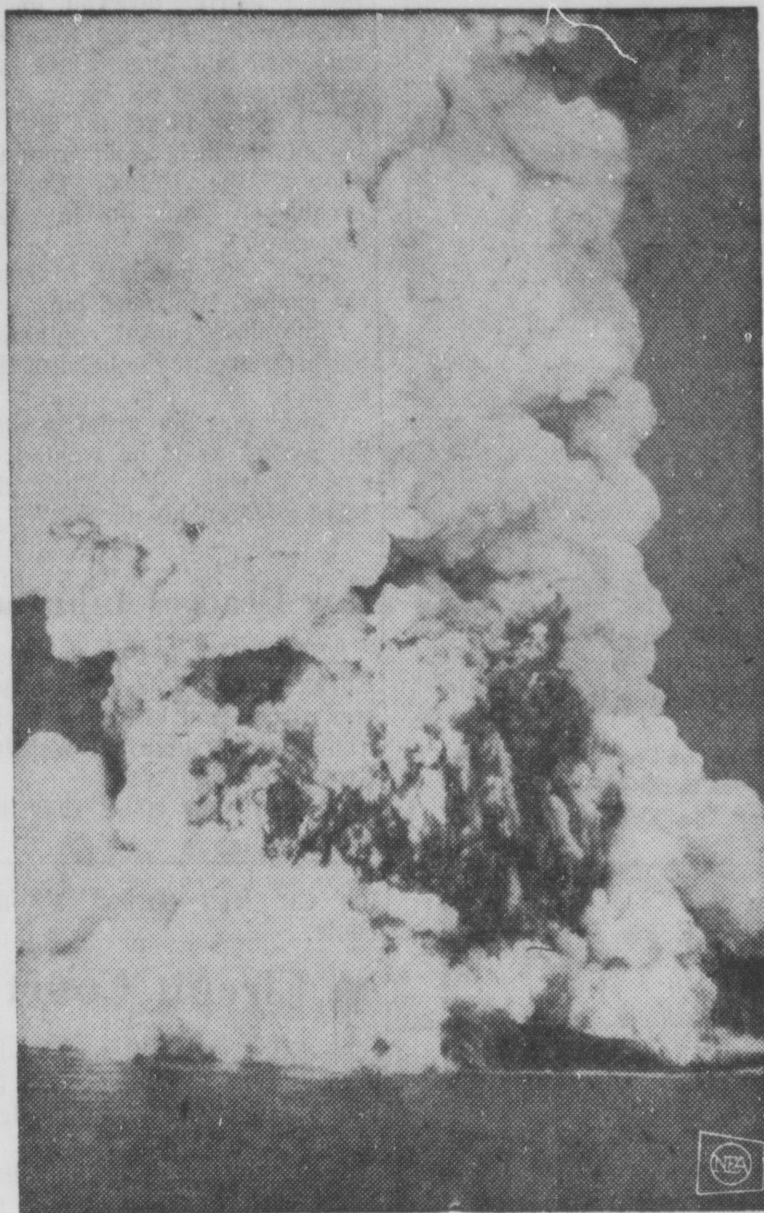

The woman was not cited, police said. Kennedy died around 4 a.m., according to James Costello, Monterey Herald city editor.

Kennedy left The Associated Press shortly after armistice was signed in Europe, and joined the Santa Barbara News-Press in Santa Barbara, Calif.

He joined the Monterey Peninsula Herald later as an associate editor, the post he held at the time of his death.

Kennedy is survived by a daughter, Julia Kennedy, of Washington, D.C.

Kennedy's flash that the Germans had surrendered arrived in AP's New York headquarters early in the morning of May 7, 1945. As a precaution this was held back from the wires for eight minutes until corroborative detail poured in. Then The AP went ahead with the war's biggest story.

NEW ISLAND BORN—A giant cloud formation, reaching 30,000 feet into the atmosphere, is formed by the heat of creation of a new island in the Westman Island Group off the coast of Iceland. Caused by a submarine volcanic eruption, the island was estimated to be 300 feet high, 2,000 feet long and nearly a mile in circumference.

On Thanksgiving Day

Many Americans By Kennedy Grave

WASHINGTON (AP)—More than 200,000 Americans put aside their Thanksgiving dinners for a while and made their way on a bleak and gray day up a hill to a grave.

Four little sisters picked chrysanthemums from their grandmother's garden and dropped them by the grave.

Mrs. Kennedy came once again and prayed.

Thanksgiving Day became a

day of homage to John F. Kennedy in Arlington National Cemetery.

Traffic slowed and jammed as the thousands drove toward the cemetery overlooking the Potomac River. Many parked their cars and began to walk to the cemetery.

They carried faded roses and ferns, bought in stores the day before.

Silently, they paid their respects at the picket fence that surrounds the drive and the eternal light burning over the body of the president, who was assassinated a week ago today.

Mrs. Kennedy made her fifth trip to the grave since the burial Monday. Dressed in black, she knelt, crossed herself, and moved her lips in silent prayer.

Later she flew to Cape Cod for a Thanksgiving reunion with the Kennedy family.

Others joined the pilgrimage to the President's grave, including his brother, Sen. Edward Kennedy of Massachusetts, and his sister, Mrs. Peter Lawford.

While thousands walked to the grave, thousands of others had to leave, turned away by guards who told them they would never get in to see the grave before the day was done.

A Warrensburg man who stole a \$150 chain saw in Sedalia early this year cleared his conscience Thanksgiving Day while at the same time remaining anonymous to police.

The story unfolded this way: Perplexed since Feb. 1 when he took the chain saw, the man recently confessed the theft to a Catholic priest in Warrensburg, who was asked to relay the information to a priest in Sedalia. The Warrensburg priest also saw to it that the man brought the chain saw to the local priest.

Thursday the Sedalia priest told police the story and officers claimed the chain saw.

Police records show the saw is owned by Glen Riekhoff, 1401 South Vermont, and was stolen from a pickup truck parked at his home. The saw is being returned to its owner.

ST. GENEVIEVE, Mo. (AP)—The Randolph (Ill.) County Sheriff's Office identified the couple as Mr. and Mrs. Tony Schneider, both about 30 years old.

The truck was located and pulled from the river shortly before midnight.

The accident occurred on the Snap and Jules Ferry, which crosses the river near Modoc, Ill., to just above St. Genevieve. The breaks on the truck apparently failed as the car came onto the ferry, authorities said.

New Soviet Race for Space Efforts Confront Johnson

Rocket Testing Series To Open In the Pacific

WASHINGTON (AP)—President Johnson, exponent of a vigorous national space program, found himself confronted today with dramatic new evidence of Russia's intensified pace in the race.

The Soviet Union Thursday night announced a new series of rocket tests in the Pacific Ocean beginning next Monday and lasting almost two months.

Traffic Toll Near Normal Thanksgiving

Compares With Usual Mid-Week Traffic Counts

By THE ASSOCIATED PRESS

Traffic fatalities were running about equal to those of a non-holiday period as the Thanksgiving weekend was broken by a day of business-as-usual Friday.

The count of deaths, which started at 6 p.m. (local time) Wednesday and will end at midnight Sunday, reached 186, which compared favorably with the 100 traffic deaths per day average on nonholiday week-ends this year.

The National Safety Council made no estimate of the number of traffic deaths. A spokesman said the Thanksgiving holiday has less highway travel than most holiday weekends.

An Associated Press survey from 6 p.m. Wednesday, Nov. 13, to midnight Sunday, Nov. 17, showed 477 traffic deaths. The survey was made for a comparison with the Thanksgiving weekend.

A Thanksgiving fatality record was established last year when 514 persons died on the nation's highways and roads. It was the highest for Thanksgiving since the Associated Press began counting in 1958. The lowest toll for a Thanksgiving four-day weekend was 442 in 1960.

J. C. Summers has been named base manager for North American Aviation's Autonetics Division at Whiteman Air Force Base.

Summers will be responsible for coordinating all Autonetics activities in connection with the activation of Whiteman as the fourth Air Force Minuteman intercontinental ballistic missile base.

Autonetics is associate prime contractor responsible for Minuteman's inertial guidance, flight control and aerospace ground equipment.

Prior to his new post, Summers was Autonetics base manager at Air Force Plant 77, Ogden, Utah, where the missiles are assembled prior to being transported to the bases.

He is a 1960 graduate of South Dakota State College, Brookings, South Dakota where he received his bachelor's degree in electrical engineering.

Summers is married and resides with his wife, Mary Anne, and two boys, Steven, 6, and Rustin, 3, at D 75 Bomarc Avenue, Missile Manor.

'No Reason to Object'

Asks Telecast Of Ruby Trial

DALLAS (AP)—Jack Ruby's lawyer says television viewers who saw his client kill the accused assassin of President Kennedy also should have a chance to watch as Ruby is tried for murder.

"In this case I think there are strong arguments for live telecasts from the courtroom and I can see no reason why we should object," defense lawyer Tom Howard said Thursday.

Dist. Judge Joe Brown, in whose court the case will come up Dec. 9, said he had not decided whether to admit TV cameras. Under Texas judicial rules, this is a matter left to the judges' discretion.

Ruby, 52, a Dallas night club owner, fired a single bullet into the midsection of Lee Harvey Oswald, a pro-Communist charged with killing Kennedy, as police started to transfer Oswald from one jail to another Sunday.

He is being held without bond in the Dallas County Jail, a few yards from where a sniper's bullet mortally wounded the late President a week ago today.

Howard, a veteran Dallas criminal lawyer, said:

"I know it is customary for a is improving encouragingly, but convalescence naturally will require a long period of rest and the present time we have no plans to ask that the trial be delayed."

"We are handicapped because of the limited funds available. Mr. Ruby is not a wealthy man."

Nearly \$10,000 From Bond Sale

The fund from the Children's Therapy Center bond drive is steadily growing with the mail Friday morning increasing it to \$9,673.

The amount from the Broadway Lanes Thanksgiving Day when all of the money from bowling that day went to the Center, Charlie Thompson turning over the lanes on that day for that purpose, totaled \$648.

Many people have not yet sent in their contributions to the Center.

Results of a polygraph (lie detector) test administered Wednesday afternoon to Joseph Daniel Harper, 42, of Kansas City, and his 17-year-old son, Terry Gene, proved in their favor and Friday morning Prosecuting Attorney J. R. Fritz withdrew from Circuit Court a charge of stealing a motor vehicle which had been lodged against them.

The Harpers had been in custody at the Pettis County jail since Aug. 16 when they were bound over on a charge of tampering with a motor vehicle in connection with the theft of a 1957 Buick, owned by William Lower, 1438 South Carr. The auto was allegedly taken Aug. 11.

The father and son were arrested by two Kansas City police officers in Kansas City after a bulletin concerning the car theft was issued here. However, the Harpers maintained their innocence and in a preliminary hearing in August testified they had been given permission to use the car by a man they knew only as "Chief."

Only recently, the state withdrew the tampering charge and refilled the charge of stealing a motor vehicle.

In Circuit Court, Donald Barnes was appointed as attorney to represent them and the lie detector test was arranged. They took the test at Highway Patrol Headquarters in Jefferson City and were taken there by the sheriff's department.

Terry was released and returned by bus to Kansas City Friday, but the senior Harper remained in custody.

Sheriff Emmett Fairfax said his department had received information that Harper was wanted in Martinez, Calif., on a warrant charging him with child abandonment. Harper signed a waiver of extradition Friday morning and is being held for the California authorities, Fairfax said.

Living Cost To New High

No Inflationary Trend; Strictly Season Increase

WASHINGTON (AP)—The cost of living edged up to an all-time high in October, the Bureau of Labor Statistics reported today.

But a spokesman said the rise of one-tenth of one per cent was strictly seasonal and gave no indication whatever of an inflationary trend.

The consumer price index reached 107.2, meaning living-cost items that could be bought for \$10 in the 1957-59 base period cost \$10.72 in October.

Food prices declined 0.5 per cent but were offset by rises of one per cent in transportation costs, 0.1 per cent in housing costs and 0.6 per cent in clothing prices.

The spokesman said the upward trend in living costs apparently continued this month, but that food prices held even.

He said the average family's turkey dinner with all the trimmings Thursday cost \$6.40. That was 30 cents cheaper than in 1962.

While October's increase was seasonal, the bureau spokesman said the predicted increase in November is expected to be somewhat more than seasonal.

Slain Officers Home Gets Finishing Touch From His Neighbors

TRUCKEE, Calif. (AP)—California highway patrolman Glenn W. Carlson hadn't gotten very far in building his Sierra mountain home when he was shot to death Nov. 15 by fleeing bank robbers.

Thanksgiving Day, the widow of the 33-year-old officer stood in the bare living room of the nearly completed home and said, "You just don't realize how wonderful people can be until something like this happens."

Jane Carlson and her three children—age 7, 6 and 4—have been staying in a rented house while neighbors, friends and strangers pitched in with money, materials and labor to help finish the home.

Oral Surgeon Dead

KANSAS CITY (AP)—Dr. Morven T. Curran, 53, a Kansas City oral surgeon, died of a heart attack at his home Thursday.

He was a son of the late Dr. E. J. Curran, founder of the department of ophthalmology at the University of Kansas, and head of the department 31 years.

Dr. Curran is survived by his widow, Dorothy, two sons and a brother, Dr. Desmond Curran, an ophthalmologist.

Heritage: Optimist Talk Topic

"Lest We Forget" was the subject on which John Owen, Warsaw, superintendent of the schools in Benton County, spoke Tuesday noon to members of the Optimist Club and the Kiwanis Club, meeting jointly at Bothwell Hotel.

Ideals, Owen told the group, come out of what we call our heritage and there should be gratitude for that heritage. He touched on the events of the past weekend when hearts were saddened for the loss of a great leader who was dedicated to human dignity, but pointed out that this country was not thrown into a revolution for in this country a new president steps in and the transition is made in a calm manner.

The reason this change in leadership can take place in this manner, he continued, is because of our heritage. It was in 1620, he reminded the group, that 102 people came in the Mayflower trying to make new lives and new homes. There was sickness, death, hardships and homesickness among the groups that winter when about half of them died. But then came the harvest, and because of their gratitude there was a time set aside for Thanksgiving. Traditionally, the speaker said, our Thanksgiving is one full of food and happiness and our country is rich in many things. But the most important thing was the type of government set up by these people.

The Mayflower Compact, Owen said, was an agreement that the majority of the people should rule the group and elect leaders. They knew that freedom comes from man's faith in God and faith in his fellowman.

After 156 years of development the colonies realized that freedom was slipping away from them. And in 1776 they prepared the Declaration of Independence by which they demanded a decency of government, he said. The government was established on the basis of divine providence.

Continuing Owen pointed out that in 1787 it was decided the government was still not quite adequate, and they drew up the Constitution.

That is why, the speaker said, that we are able to make a transition from one leader to another.

But the government was yet not as they wanted it, for they realized they had not included privileges for the people and thus they prepared the Bill of Rights. These were personal rights, rights to free speech, and trial by jury, freedom to write and many other rights.

There are several forces from within and without that would change this government that they perfected, but as we cling to these heritages and cherish the thoughts and facts, we give thanks and realize that our blessings are not to pamper us but to make us strong.

The speaker was introduced by Emmett Hood.

The business meeting of the Optimist Club was presided over by Clinton Black, vice president. The Kiwanis business meeting was presided over by the president, Dr. J. C. Alexander.

Rev. Walter P. Arnold, a guest, gave the invocation.

Singing was led by Larry Wanserski of the Optimist Club and Abe Rosenthal of Kiwanis. Miss Lillian Fox was the accompanist.

Dr. Karl Gonsler was introduced as a guest.

R. L. Settles was presented a transistor radio as the first prize in the membership drive by Al Allgaier, who announced that the club had added ten new members during the drive, but since the contest for second place had ended in a tie, it would continue for two more weeks.

Man Gets Finger Caught On Car Dash

BUFFALO, N.Y. (AP)—Edward De La Violette, attempting to install a radio aerial in his new automobile, reached under the dash board Thursday to push out a metal plug. His finger became caught.

Firemen and a metal expert were called to the rescue.

De La Violette, 40, was freed after more than an hour, but the car's right front fender and some inner metal had to be cut away.

T. P. Lutjen, 641 East 19th, charged with driving while intoxicated, forfeited a \$75 bond.

Jesse W. Taylor, 615 West 23rd, charged with driving while intoxicated, forfeited a \$22 bond.

Area Fires

The Pettis County Fire Department made two runs on Thursday.

The first was at 10:50 a.m. to the Carl Romig farm, Route 1, Sedalia, seven miles south of town. This was a grass fire out of control and two booster lines from the truck were used to extinguish it.

The flames from a brush fire that had been burning for several days were fanned by the strong wind and about six acres of ground were burned off, but there was no damage. Romig and neighbors helped whip it out.

The second fire was at 2:25 p.m. at the Carl Bell home three miles east of Windsor. Here, too, the strong wind caused the fire of unknown origin to spread over the Bell farm and the farms of his neighbors Rolla Neffendorf and Philip Kilpatrick, burning off 150 to 200 acres of land before it was finally extinguished.

Three fire trucks from White-man Air Force Base joined the Pettis County truck in fighting the fire which was on both sides of Highway 52. It was necessary to call Deputy Sheriff Jack Coutts to direct the traffic.

Police Court

Granival Jones, 416 West Jefferson, charged with assault with hands on complaint of Doris J. Thornton, pleaded guilty and was fined \$15.

Lillian Van Bibber, Box 634, Sedalia, charged with failure to pay 17 overtime parking tickets, forfeited a \$22 bond.

Raymond Wheeler, 422 West Clay, charged with disturbing the peace on complaint of Lee Roy Wheeler, pleaded innocent, but after a hearing was found guilty. He was given a 10-day jail sentence suspended on good behavior.

T. P. Lutjen, 641 East 19th, charged with driving while intoxicated, forfeited a \$75 bond.

Jesse W. Taylor, 615 West 23rd, charged with driving while intoxicated, forfeited a \$22 bond.

Velma A. Domingue, 1617 South Sneed, charged with careless and imprudent driving in connection with an accident, pleaded innocent, but after a hearing was found guilty and fined \$15.

Raymond Wheeler, 422 West Clay, charged with disturbing the peace on complaint of Lee Roy Wheeler, pleaded innocent, but after a hearing was found guilty. He was given a 10-day jail sentence suspended on good behavior.

Police later recovered the camera in a broken state in an alley between Fourth and Fifth Streets, Ohio and Osage.

Police reported names of two juveniles were obtained and will be turned over to Juvenile Officer Cecil Glenn. Police stated one of the juveniles admitted taking the camera.

Mike Smethers, 2300 East Broadway, reported to police at 7:45 p.m. Thursday that the left front headlight was stolen from his 1952 auto that evening while

Cardinal Describes Kennedy Reaction At Child's Funeral

BOSTON (AP)—Richard Cardinal Cushing has described the late President John F. Kennedy's tearful farewell to his son, Patrick Bouvier Kennedy, who died last August less than two days after his birth.

"I'll never forget the day we buried his little child from the chapel," the Roman Catholic archbishop of Boston said Thursday.

"Jack was the last to leave the chapel. I followed him."

"The little casket containing the body was at the head of the aisle."

"Jack put his arms around the casket as if he wanted to carry it with him. Then the tears watered his cheeks."

Boy Dead of Injuries

ST. LOUIS (AP)—David Earle, 8, of St. Louis County was struck and killed by a car Thursday in suburban Webster Groves.

He died some hours after the accident.

the car was parked at his home.

Circuit Court

Circuit Court will not be in session here next week due to the absence of Circuit Judge Frank Hayes.

Judge Hays has been called by the State Supreme Court to sit on the St. Louis Court of Appeals during the week beginning Monday, Dec. 2.

Barbara C. Wyrick filed a damage petition in Circuit Court Friday seeking a \$10,000 judgment against Charles G. Siron and Sandra C. Hurt.

The petition is the result of an automobile accident Oct. 19, 1963, near 2400 block of South Highway 65 (South Limit). The plaintiff was a passenger in a car driven by Sandra C. Hurt which was involved in a mishap with a car driven by Siron.

R. L. Rasse, Marshall, is attorney for the plaintiff.

Marjorie Prewitt was granted a divorce from Jack Prewitt in Circuit Court Wednesday. Geo. H. Miller was her attorney.

Judge Frank Hayes granted parole Friday morning in Circuit Court to Charles E. Smith, of Sedalia, and placed him on probation for the duration of a two-year sentence set Wednesday in the court.

Smith was charged with uttering a forged check.

Dunstan and Yows, a Barnett, Mo. corporation, filed a damage petition in Circuit Court Friday asking a total judgment of \$92,544 against Morrison-Knudsen Company, Inc., one of the prime contractors on the Minuteman missile complex project.

The plaintiff's petition alleges they leased a 10-acre plot of ground containing a rock quarry on March 28, 1962, for a term of three years from J. L. Thomas of Tipton. They allege the Morrison-Knudsen firm removed a quantity of rock and construction materials from the quarry.

Sought are actual damages of \$23,136 plus punitive damages of \$69,408.

Fires In City

Fire of undetermined origin caused a \$1,500 loss to a frame barn at the George Mein residence, 1218 East 12th, at 10:12 a.m. Friday.

Before Sedalia firemen could douse the flames, the fire spread to a carport at the Joe Toler residence, 1219 East 13th, causing \$50 damage to that structure.

Burning trash touched off a grass fire in a vacant lot at 401 West 23rd at 10:58 a.m. Friday. No damage was listed, however.

A washing machine motor burned up at the Mae Chiles residence, 301 East Saline, at 10:05 a.m. Friday morning. Sedalia firemen answered the alarm, but the blaze was out when they arrived. Damage was set at \$15.

A fire believed to have originated from defective electrical wiring caused a total of \$3,200 damage at the frame residence of J. F. Baugher, 2717 South Ingram. Friday morning. Sedalia firemen answered the alarm at 1:50 p.m.

Firemen used one hose line and two booster lines to halt the blaze.

Damage was set at \$2,500 to the home and \$700 to the contents.

Sedalia firemen received a false alarm fire call at 4:11 p.m. Thursday reporting a blaze at 400 West Henry.

A grass fire in a vacant lot at 420 West Pettis was extinguished by Sedalia firemen at 7:45 p.m. Thursday. Burning trash was listed as the cause and no damage was recorded.

Ann Landers Answers Your Problems

Dear Ann Landers: You are usually right—but not always. I would like to challenge you on one issue. You said in a recent column it is rude to interrupt people when they are speaking, and that only a clod would cut in right in the middle of a sentence.

Obviously you have never lived in Louisville. All the native women in Louisville have been vaccinated with a phonograph needle. They have a habit of ending every sentence with "and" which is a neat way of holding the floor indefinitely both in person or on the telephone and it is just one endless line of yakity yak yak yak and a person can't get a word in edgewise and if you think you can change the subject forget it because they go on and on until you could just tear your hair right out of your head by the roots and all the while you are becoming more and more furious because a yes or a no would have been sufficient and then I pick up the paper and see where Ann Landers says it is rude to interrupt.—FRUSTRATED.

Dear Frus: I know plenty of women — and men, too — who have never lived in Louisville and you could explode before they give up the floor so please don't blame one of the loveliest cities in the world for what is really a human weakness and I loved your letter!

Dear Ann Landers: Are we old-fashioned, as our 16-year-old daughter says? Please set us straight. Or if she is the one who needs it, tell us and we'll set HER straight.

Our daughter's steady boy friend usually arrives anywhere from 30 minutes to an hour before she is ready to leave. He marches directly upstairs and goes into her bedroom "to keep her company" while she finishes dressing, combs her hair or puts on her make-up.

Sometimes other members of the family are upstairs. We have two younger daughters and they resent this invasion of privacy. Often, however, there is no one upstairs except this 16-

I have two brothers but I would never insult their wives by writing to them at the office. Should I come right out and tell my sisters-in-law how I feel when they bring up the subject in a few weeks as they are bound to?—VIRGINIA BEACH.

Dear Virginia: If some of you readers were as frank with the people who give you trouble as you are with me, your problems would be solved right now.

By all means tell your husband's sisters if they want replies to their letters they should write to the house. Tell them you have nothing whatever to do with office mail nor do you wish to.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Venezuela Terrorists Lose Physical Punch

CARACAS, Venezuela (AP)—Despite spectacular last-minute exploits, pro-Communist terrorists in Venezuela appear to have lost their fight to force the army to call off Sunday's presidential elections.

There are increasing signs that the extremist Armed Forces of National Liberation (FALN) have lost both their physical punch and their appeal to urban masses.

Chances are considered good that the elections will go off with a minimum of trouble.

Apparently indifferent to the terrorists, some 15,000 people attended a political rally this week in the same Caracas square where a few days before

guerrilla snipers staged a spectacular battle and 24 persons were killed.

Noisy political caravans roam the capital streets each night without incident. President Romulo Betancourt is barred by the constitution from succeeding himself, but Raul Leoni, the candidate of Betancourt's Democratic Action party, is expected to defeat six opponents.

The pro-Castro FALN had hoped that its campaign of terrorism would cause the army to oust Betancourt and cancel the elections. The Communists figured this would solidify the anti-military opposition behind them.

The FALN is believed to have been first weakened by the Cuban missile crisis in October 1962, which revealed Cuba as just another Iron Curtain satellite.

In later months there was a steady improvement in the police campaign against the hit-and-run terrorists. The FALN attacks began deteriorating.

This week the FALN returned to propaganda blows, attempts to capture world headlines and damage the Betancourt government's reputation at home and abroad.

A U.S. Army officer was kidnapped Wednesday. Thursday five men and a woman hijacked a Venezuelan airliner and forced the pilot to fly to Trinidad. No one was harmed. Authorities handed the hijackers over to Venezuelan officials.

They were flown back to Caracas today for trial.

Caracas police continued searching for the kidnapped U.S. officer, Lt. Col. James K. Cheney, of Sherman, Tex. The FALN has said it would release him unharmed Saturday.

Funds Flowing In For Slain Police Officer

DALLAS (AP)—Funds for the family of slain Policeman J.D. Tippit are flowing into the Dallas Police Department at such a rapid rate that accountants are unable to reach a total, officers said today.

Lt. Verne K. Hipskind, officer in charge of the counting detail, said he and several officers worked through Thanksgiving Day doing some of the earlier work in a different way.

This was done on the advice of accountants that each donor receive a handwritten receipt.

By Thursday night, Hipskind and his detail had processed 1,100 pieces of mail — 1,000 received only through last Tuesday.

Large mail sacks of contributions remained to be processed. Tippit died of gunshot wounds when he sought to arrest a suspect in the assassination of President John F. Kennedy.

Police charged Lee Harvey Oswald with the slayings of both Kennedy and Tippit. Oswald himself was slain later.

Hipskind said the money will be given to Mrs. Tippit "in a lump sum. This takes all the work off the widow."

The lieutenant said some checks are being sent for Mrs. Oswald, the Russian-born widow of the accused assassin.

"This is less than \$50 at the moment, but we have a great lot of mail to go into," said Hipskind.

Field Goal Could Decide

Missouri-Kansas Game Has Makings Of a Cliff-hanger

LAWRENCE, Kan. (AP)—The 72nd Kansas-Missouri football meeting matches potent Kansas offense against a stubborn Tiger defense and shapes up as another cliff-hanger that might be decided by a field goal.

A record Kansas crowd of 45,000 is expected.

Each club has a good field goal specialist. Gary Duff of Kansas has kicked five three-pointers and accounted for 53 points with his toe in two seasons. Bill Leistritz of Missouri also has five field goals and has kicked for 37 points in two seasons.

Duff and Leistritz kicked one each for all the scoring in last season's 3-3 tie, the ninth in the ancient border series which is fifth longest in the nation in number of games played. Miz-zou leads 32-30.

Three Big 8 Teams Open Cage Season

By THE ASSOCIATED PRESS

Kansas State and Colorado, co-champions in Big Eight basketball last season, and ambitious Missouri will open the season Saturday night. The other league teams open next week.

K-State, rated a co-favorite with Oklahoma State for the title this season, will face Minnesota of the Big Ten at Manhattan. Coach Tex Winter's club holds a slight edge, with 7-0 Roger Suttner and 6-7 Willie Murrell returning.

Missouri, hoping to improve its 10-15 record, will face the Air Force Academy at Columbia. It should be a close one. The top returnees for Bob Vannatta's Tigers are 6-foot-7 Ray Bob Carey, who averaged 14.2 last season, and backliner Bob Price, who hit 13.2.

Colorado travels to face a potent Creighton team at Omaha. Creighton is led by pivot man Paul Silas, 6-7 and 240, who has led the nation in rebounds per game two straight years and averaged 21.2 and 22.0 in scoring his first two years.

Sox Walseth hopes that 6-foot-8 Jim Davis, a tremendous rebounder and defender, can hike his 13.9 scoring average of last season. Even if he does, Davis and guard George Parsons will need help from untested squad-men.

Colorado goes on to play at Wichita, no. 5 nationally in the pre-season Associated Press poll, to head a four-game Monday schedule. Wyoming is at Nebraska, Missouri at Arkansas and State College of Iowa at Iowa State the same night.

N. Illinois Voted Best Small Team

By THE ASSOCIATED PRESS

Northern Illinois, carried to a perfect 9-0 season on the all-time record passing of George Bork, was chosen today the best small college football team in the country for 1963.

The Huskies from DeKalb, Ill., overtook Delaware, another unbeaten-untied team, and won by a narrow margin in The Associated Press' final poll.

Each of the teams received three first-place votes from a special panel of seven sports writers and broadcasters but Northern Illinois collected a total of 63 points to 53 for Delaware. Points are awarded on a 10-9-8-etc. basis.

The other first-place vote went to Southwest Texas and it was good enough to give that team ninth place.

Wittenberg was third in the final standings, followed by Massachusetts, St. John's of Minnesota, South Dakota State, Florida A&M, Abilene Christian, Southwest Texas and McNeese State of Lake Charles, La.

Northern Illinois closed out its season Nov. 16 and accepted a bid to play in the Mineral Springs Bowl at Excelsior, Mo. Delaware's final game with Bucknell last week-end was cancelled out of sympathy to the late President Kennedy.

Northern Illinois' Bork broke every single season and career record in the college books. This year alone, he completed 244 passes in 374 attempts for 3,077 yards and 32 touchdowns.

Bork was the nation's small college leader for both passing and total offense. His team led the small colleges in passing offense with an average of 349.3 yards gained a game.

The Top Ten, with season records and points:

Northern Illinois	9-0-0	Pts.
Delaware	8-0-0	53
Wittenberg	8-0-1	38
Massachusetts	7-0-1	37
St. John's (Minn.)	8-0-0	35
S. Dakota State	7-1-0	33
Florida A&M	7-1-0	24
Abilene Christian	7-1-0	18
Southwest Texas	10-0-0	10
McNeese State	8-0-0	9

St. Louis Leads Western Loop By a Half Game

By THE ASSOCIATED PRESS

St. Louis has taken over first place in the Western Division of the National Baseball Association, but the Cincinnati Royals are having difficulty making any headway in the Eastern sector.

The Hawks moved one-half game in front of idle Los Angeles by downing Detroit 118-101 Thursday night. At the same time, the Royals made the most of the talents of Oscar Robertson and Jerry Lucas for a 125-110 triumph over Philadelphia in the only other game scheduled.

It was the Royals' fourth straight victory and sixth in eight games. Still, they are 3½ lengths behind pacesetter Boston, which has lost only one of 14 games.

Robertson took care of most of the scoring, with 38 points, and contributed 16 assists, while Lucas almost single-handedly dominated the backboards for the Royals. He pulled down 31 rebounds and also chipped in with 21 points.

favorite has never won and the home team has yet to win, except for the forfeited 1960 game.

Gale Sayers, Kansas halfback who is second nationally in rushing, will be the prime target for the Mizzou defense. The Tigers held him to 72 yards last season, his second lowest total of the year.

Gary Lane, Missouri quarterback who leads the league in total offense at 1,012 yards, may be below par. Suffering from tonsillitis, Lane was reported much improved Thursday and the Tigers were hopeful he would be released to make the trip.

Missouri takes a 4-2 league record and 6-3 season standing into the game while Kansas is 3-3 and 5-4. The Jayhawks can share third place by winning. The Tigers could share second with Oklahoma should the Sooners be upset by Oklahoma State.

Kansas has a 26.5 scoring average in league games—best in the Big Eight—but is fourth on defense, allowing 13.7 a game. Missouri leads the league in giving up 8.3 points a game to the same six opponents but the Tigers are fourth with a 16.5 scoring average.

"It was real easy a week ago to see our squad was up for the game," said Mitchell. "But it's obvious we've dropped quite a degree from that level. How much, I don't know."

Devine has mixed emotions. The delay caused by President Kennedy's death gave his squad a chance to recuperate from its battering by OU. But Lane's uncertain strength could offset this.

Sayers needs just 26 yards to become the first Big Eight back ever to reach the 2,000 career rushing mark in his junior season. Ken Coleman, Jayhawk senior fullback, needs just 39 yards to displace Forrest Griffith as the top rushing fullback in KU history. Griffith had 1,379 yards.

Gary Peters AL Rookie Of the Year

BOSTON (AP)—Persistent Gary Peters, the left-hander who began to feel like a yo-yo between the minors and the Chicago White Sox, was named the American League Rookie of the Year for 1963 today, beating out teammate Pete Ward.

The 26-year-old Peters received 10 of the 20 votes cast by a committee of the Baseball Writers Association of America. Third baseman Ward of the White Sox received six votes. Minnesota Twins center fielder Jimmie Hall drew the other four.

Peters, the first White Sox rookie winner in half a dozen years, wouldn't have drawn a single vote had the balloting been conducted at mid-season. He had won only five games in his fifth attempt to stick with Chicago.

But the 6-foot-2, 200-pound Pennsylvanian went fast after that. From July 4 to Labor Day the never-say-die southpaw won 11 consecutive games, setting an American League record for freshmen hurlers.

Peters wound up with a won-lost record of 19-8, and had an earned run average of 2.33—tops in the league for starting pitchers and bettered only by Dick Radatz' 2.03 figure for the Boston Red Sox.

He also pitched 13 complete games and had four shutouts. He struck out 189 batters in 243 innings while allowing only 68 walks.

Ward, Canadian-born, 24-year-old, was Chicago's biggest offensive weapon, leading the White Sox in practically every hitting department. He batted .259 in 157 games, hit 22 home runs, drove in 84 runs, had 177 hits and scored 80 runs. His 34 doubles ranked him second in the league.

Must for Both Teams

Showdown Sunday For Cards, Browns

NEW YORK (AP)—St. Louis and Cleveland, two of the three teams tied for the Eastern Conference lead in National Football League, meet Sunday in a vital game that could drop the loser out of the race.

If Charley Johnson and the youthful Cardinals knock off the Browns for the second time in three weeks, they should go on to at least a tie for the Eastern crown. Only Philadelphia and Dallas will remain in their path.

It is a "must" game for the Browns who finish their schedule on the road at St. Louis, Detroit and Washington.

New York and Pittsburgh figure to keep on winning until their showdown game Dec. 15, the last day of the regular season. The Steelers are only one game back of the Giants, Cards and Browns.

With Green Bay idle after tying Detroit Thanksgiving Day, the Chicago Bears can't afford to falter against the Minnesota Vikings, a team they thumped 28-7 in September.

The American Football League will be playing the games scheduled last weekend postponed out of respect to the memory of President Kennedy. The big one is Houston at San Diego which could be a preview of the title game.

With a 71-38-5 record for the year, here we go into the last three weeks of the season. All games are to be played Sunday. St. Louis 24, Cleveland 20 — If the Cards can shake their home jinx, Wally Lemm's boys should win their third straight from the top contenders. The Cards won Nov. 17, 20-14.

New York 35, Dallas 21 — Giants make Cowboys pay for upset by Cardinals with Y. A. Tittle gunning for all-time records. It took second half comeback for Giants to win first meeting 37-21 but Cowboy defense has given up 38 touchdowns.

Pittsburgh 31, Philadelphia 14—Steelers get even for opening day 21-21 tie with Eagles that may cost them the title. Chicago 24, Minnesota 7—Vikings will find Bears' defense just as tough as Packers. Only 49ers and Lions ahead for Bears.

Baltimore 24, Washington 14—A passing duel between Johnny Unitas and young Norm Snead who has been coming on strong. Los Angeles 28, San Francisco 21 — Rams have won four of their last six and should handle 49ers on superior defense on passing of Roman Gabriel.

Much Lying At Stake In Big 8 Games

By JIM VAN VALKENBURG Associated Press Sports Writer

The Big Eight football championship has been decided, but much will be at stake in a pair of traditional battles Saturday—Kansas vs. Missouri at Lawrence and Oklahoma vs. Oklahoma State at Norman.

Both games are highly important in prestige to supporters of the four schools involved. The winners can count their seasons as successful, regardless of their final won-lost records. The lure of the ivy-covered rivalry is expected to bring a record Kansas crowd of 45,000 at Lawrence and a 50,000 turnout at Norman.

Oklahoma, ranked 10th nationally, had a 16-game conference winning streak snapped at Lincoln last week by Nebraska's champions, 29-20. But the Sooners will be strong favorites over Oklahoma State.

Bud Wilkinson's Big Red has a 5-1 league record and 7-2 season mark. A victory or tie would clinch second place for OU. Oklahoma State is last in the league at 0-5 and stands 1-7 for the season.

The Cowboys scared Nebraska in a 20-16 game and Iowa State in a 33-28 setback. In between they beat Tulsa 33-24. They have a potent passing combo, Mike Miller-to-Jack Jacobson, and some good runners.

This is the 58th OU-OSU game. Wilkinson has never lost to the Cowboys, whose last victory was in wartime 1945.

The 72nd Kansas-Missouri game could be one of the best, but couldn't be any closer than other cliff-hangers in the series. The game's decisive play has come in the last minute five times in the last 11 years and in the last four minutes two other times.

Missouri stands third in the league at 3-2 and is 6-3 for the season, while Kansas is 3-3 and 5-4.

Kansas State, Iowa State and Nebraska have finished the season. Colorado winds up Dec. 7 against Air Force at Colorado Springs.

Pound-per-Acre Production Can Be Large With Catfish

LAWRENCE, Kan. (AP)—A cattleman can raise more pounds of fish than beef on a pasture acre—if he has a suitable pond and takes care of it.

Prof. Frank Cross of the University of Kansas, associate director of the State Biological Survey, and a man with a lot of experience studying Kansas fish, says 1,200 pounds of fish a year isn't too much to expect from a one-acre pond. More than a ton of fish can be produced under ideal conditions.

That's several hundred pounds more meat than beef on the hoof would produce in the same area, he said, but the farmer has to decide for himself whether the fish are worth more.

But since he already may have the pond to water his stock, it usually is practical to stock it with fish for food and sport, Cross said.

To raise the amount of fish Cross mentioned requires managing fish in a pond like cattle in a feed lot. The kind recommended is channel catfish, and they have to be fed.

The farmer - fisherman also has to harvest the fish every year if he wants the maximum amount of meat. This may mean draining the pond or seining the fish, rather than catching them on hook and line. The pond then must be restocked.

Another possibility is simply stocking the pond for sport fishing. In addition to the farmer's own enjoyment, it's possible to charge other fishermen for the privilege of using the pond.

If a pond is less than an acre and its water is muddy, it's a better home for channel catfish than for bass or bluegill.

"If a landowner has a large, clear pond, by all means he should be encouraged to stock it with bass and other sport fish," Cross said. "But for many small ponds, channel catfish will produce many times more pounds per acre and survive better in muddy water."

For several years, Cross and his graduate students have explored the possibilities of intensive production of channel catfish, for sport or commercial purposes, using experimental ponds at the university. The work is supported by the Kansas Forestry, Fish and Game Commission.

They report they have found

they can consistently grow about 120 pounds of fish in one-tenth-acre pond, or 1,200 pounds to an acre.

The experimental fish are fed a pelleted diet similar to livestock feed, containing about 30 per cent protein. Feeding this ration, it would cost about \$250 a year to produce 1,200 pounds of catfish in a farm pond.

In Douglas County, about 15 farmers are feeding fish in their ponds. None was doing it 10 years ago.

Some licensed dealers hatch and raise fish to fingerling size, then sell them to other pond owners for about \$75 a thousand. Other landowners raise the fingerlings to 8 to 12-inch size, then sell them for restocking at about 35 cents each.

Johnny Cash Arrested

VENTURA, Calif. (AP)—Police said western singer Johnny Cash told them he stepped on the gas when he saw a patrolman coming up behind him because:

"I just wanted to find out if I could still outrun a police car."

After a 6-mile chase up the Ojai Freeway at 90 m.p.h., officers said, he discovered he couldn't.

Cash, 31, was cited Thursday for speeding and for driving without having his operator's license with him.

Both Have Clean Slates

Springfield, North Illinois Vie in Mineral Water Bowl

EXCELSIOR SPRINGS, Mo. (AP) — Northern Illinois and George Bork—holder of almost all national collegiate passing records—are matched against Springfield (Mo.) State's potent ground game in the 15th annual Mineral Water Bowl game here Saturday.

Both teams have perfect 9-0 season records. Northern Illinois runs the ball just enough to keep the defense honest. Springfield passes only enough to keep 'em honest. On defense, Springfield has given up just one touchdown pass all season. Northern lost in this same bowl last sea-

son, 23-20 to Adams (Colo.) State. Bork is a slender 180-pound senior who has had 15 pro scouts on his trail all season. Almost every time he throws the ball, he sets a record. In his career he has completed 577 of 902 passes for 6,782 yards.

This season Bork has hit 244 of 374 for 3,077 yards and 32 touchdowns. In his last game against Central Michigan he hit 43 of 68 as the Huskies won 29-22. Ends Hugh Rohrschneider and Gary Stearns hold many records.

Cornelius Perry is the top runner for the Bears, who won the Missouri Intercollegiate Athletic Association championship. Jerry Melton is a capable quarterback and a good passer.

The game rates a toss-up in the view of Red Wade, coach of Kirksville (Mo.) State which lost only twice this season—by nine points to Northern Illinois and by nine points to Springfield State.

Wade feels the Bears can move the ball on the ground against the Huskies, but will be facing Bork for the first time. Wade's nephew, Charley Wade, is an outstanding defensive back for Springfield, coached by Orville Pottenger.

Bork mist of the time throws from what Coach Howard Fletcher calls the Dutch Meyer spread—a formation designed by the former TCU coach. Bork's passing has been compared to that of two former TCU greats—Sammy Baugh and Davey O'Brien.

Coach Is Telephoned

Texas Win Congratulated By Wounded Gov. Connally

By MIKE RATHET

Associated Press Sports Writer

The phone jangled. Texas Coach Darrell Royal picked it up.

"Was it too much for you to watch all the time?" he asked. "Well, Nellie, I wouldn't have watched it either if I hadn't had to."

The caller was the wife of John Connally, talking from the hospital where her husband is recuperating from his bullet wounds.

Mrs. Connally was calling to offer the governor's congratulations to the Cotton Bowl bound Texas team, which had just wrapped up its first perfect season in 43 years and virtually clinched the national championship.

Only minutes had elapsed since the lukewarm Longhorns had nipped Texas A&M 15-13. Duke Carlisle cracking over the one with 1:19 remaining to close out a drive that kept its momentum despite a pass interception.

Texas already had clinched a Cotton Bowl berth, but two other bowl spots were filled on a beefy Thanksgiving Day program—Illinois grabbing its first Rose Bowl assignment in 13 years and North Carolina accepting a Gator Bowl offer.

The Illinois won the Big Ten Conference title and the bowl berth with a deceptive defensive formation revolving around Dick Butkus that helped throttle Michigan State 13-0. The Tar Heels edged Duke 16-14 on a 42-yard field goal by Max Chapman with 33 seconds remaining.

Five major college teams now have firm bowl commitments—Texas, Illinois, North Carolina, Nebraska and LSU. Nebraska previously nailed a Orange Bowl spot and LSU a place in the Bluebonnet Bowl.

Other bowl assignments will come from Saturday games, with most interest centering on the West Coast Rose Bowl situation. Two games hold the key—Washington State at Washington and UCLA at Southern California. A league vote will decide the entry.

Also spotlighted on Saturday's scheduled is the 80th meeting of Harvard and Yale. In other games bearing on bowl bids,

Auburn is at Alabama, Georgia Tech at Georgia, Mississippi at Mississippi State and Pittsburgh at Miami, Fla., for a night game.

One other game Thursday may have had bowl ramifications. Syracuse, looking for a bid, finished an 8-2 campaign by defeating Notre Dame 14-7.

In all, four conference crowns were wrapped up during the day. Illinois grabbed the Big Ten. Texas won the Southwest. North Carolina tied North Carolina State in the Atlantic Coast and Virginia Tech nailed the Southern title by walloping VMI 35-20.

In other games, West Virginia blasted Furman 38-7, Minnesota blanked Wisconsin 14-0, Cornell defeated Penn 17-8, Maryland whipped Virginia 21-6, Columbia beat Rutgers 35-28, Clemson edged South Carolina 24-20, William & Mary belted Richmond 29-6 and Miami of Ohio nipped Cincinnati 21-19.

Great Ordeal At Hand For 'Poor' Suburbanite

NEW YORK (AP) — Now is the time to get out the crying towel for the suburbanite.

The period of his greatest ordeal is at hand.

As a smug, lifelong lover of city life, I used to feel sorry for the people who choose to dwell out where the crabgrass grows.

Pity is wasted on such a fellow.

Life in the suburbs isn't really living. It's a form of penal servitude, a system of self-punishment, and I sometimes have wondered if suburbanites aren't expiating some unforgivable sins committed in a previous existence.

There are millions of people who work here during the day and spend their nights in the bedroom villages that sprawl around the fringes of the metropolis. This forces them to become horizontal yo-yos. They are in perpetual transit.

In suburbia, the husband is a prisoner of his timetable.

In suburbia the wife is an unpaid chauffeur, a pioneer mother in a covered station wagon shepherding her kids or hubby to some place they have to get to in a desperate hurry. She sees red and green traffic lights all day. Children are supposed to be healthier in the suburbs, but for some reason they seem unable to travel on their own feet a distance of more than two blocks.

The suburbanite suffers from periodic charcoal blindness, as it is an unwritten law in the suburbs that nobody cooks in the kitchen between Easter and Thanksgiving.

The first flying snowflakes that freckle the air herald his greatest season of disaster. On frigid days he enters the office two hours late, red-faced, wearing boots and bundled in many layers of clothing.

Wiping a dripping icicle from his nose, he announces, "Could not get the car out of the driveway. Had to rush on foot to the station. Then the 8:59 didn't leave until 10:04." He doesn't get much work done. He has to save all his energy so he can get back home.

Once I asked one of these fellows, "Since it is such a nuisance, why do you bother to live in the suburbs?"

A look of wonder swept his face.

"Why?" he replied. "Why—because they are there!"

Never pity a suburbanite. He enjoys his misery.

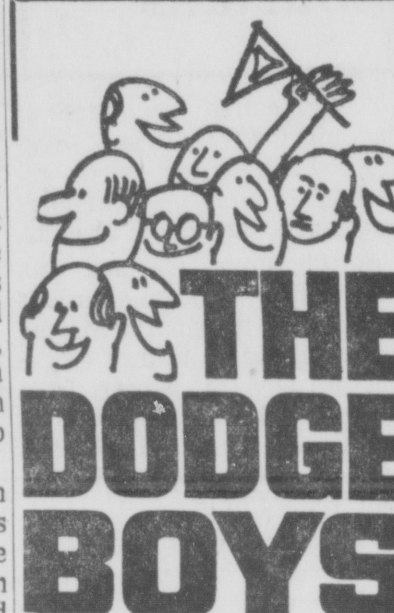

Clear Father of 14 In a Fatal Shooting

ELKO, Nev. (AP)—A father of 14 has been cleared in the fatal shooting of his landlord at Midas.

Dist. Atty. Joseph O. McDaniel declared Thursday no charges would be filed against Alvin Burkett, 49, after a coroner's jury ruled the Nov. 21 shooting of Richard W. Robertson, 33, was justifiable homicide.

The jury found that Burkett had "acted in apparent fear because of previous events" when Robertson entered their home. Burkett said Robertson held a hand in his pocket as if holding a gun.

Evidence In Kennedy Slaying

The upcoming story, "The Evidence in the Kennedy Case," by Arthur Everett, is the first in a two-part series on Lee Harvey Oswald for Friday and Saturday morning papers. The second part, an analysis of Oswald's personality and motivations, by Alton Blakeslee, will move tomorrow into wire conditions permit for Saturday AMs.

By ARTHUR EVERETT
DALLAS, Tex. (AP) — Lee Harvey Oswald went to a lonely Texas grove this week in a plain wooden coffin, with a single spray of flowers atop it. Buried with him is the secret of his role in President John F. Kennedy's assassination.

"This man killed the president," says Dallas Homicide Capt. Will Fritz. But saying it is not the same as proving it.

Did he? Most probably. But why? Only Oswald, 24, could answer these questions specifically. But now the answers are locked with him beneath the sod in a Fort Worth cemetery plot.

Had he not himself been killed by the owner of a Dallas strip-tease joint, Oswald eventually might have been brought to trial. Presuming he stood firm in his denial that he shot President Kennedy on Nov. 22, what evidence would a jury have had to consider?

First, as to motive: Oswald very likely was a Communist of sorts, at least a Marxist, a follower of the 100-year-old philosophy upon which much of the Communist ideology is based.

"He readily admitted he is a Communist," said Dallas Police Chief Jesse Curry after Oswald's arrest. "Apparently he was proud of being a Communist. He didn't try to hide it. Last year, Oswald said in New Orleans he was not a Communist. He didn't try to hide it."

Dallas Dist. Atty. Henry Wade says: "No, there was no evidence that said he was a member of the communist party. However, there was lots of material dealing with communism, such as the Daily Worker (sic), and there was even more material dealing with the Fair Play for Cuba organization."

At the age of 15 in his native New Orleans, Oswald was handed a pamphlet about Julius and Ethel Rosenberg, executed in New York in 1953 as Communist spies. The Communist party has sought to make them out as martyrs.

This taste of an alien philosophy led Oswald to examine Karl Marx's "Das Kapital," the handbook of communism.

He said later: "It was like a very religious man opening the Bible for the first time. I could see the impoverishment of the masses before my own eyes in my mother. I thought the worker's life could be better."

In 1959, just out of the U.S. Marines, Oswald went to Moscow, where he sought to renounce his American citizenship.

He declared then: "I've made up my mind I'm through. Capitalism has passed its peak. I've seen poor niggers (sic) and that was a lesson. People hate because they've been told to hate. It's the fashion to hate people in the United States."

An American woman whom Oswald met in Moscow, Priscilla Johnson, an expert on Soviet affairs, recalls: "I soon came to feel that this boy was the

stuff of which fanatics are made."

Oswald worked in a Minsk factory and there married a blonde Russian pharmacist, Marina Nicholaeva. When he died he left his widow with two daughters, June, about 4, and Rachel 2 months.

Apparently becoming disenchanted with the Soviet Union, Oswald talked his way back to this country on the grounds that he never actually had obtained Soviet citizenship. He came home in 1962, to New Orleans.

There he showed signs of sympathy for Cuban Prime Minister Fidel Castro.

Dallas Chief Curry says that after Oswald's arrest, photographs were found, showing him standing at attention, with a rifle in one hand and in the other a copy of the Communist newspaper, the Worker.

Pravda in Moscow and Red leaders in New York insisted that Oswald had no connection with the Communist party. Yet, after his arrest he announced he wanted for his lawyer John Abt of New York, well known as attorney for past Communist defendants.

Also, Castro's Havana government has announced that Oswald tried on Sept. 27 to obtain a visa, permitting him to go to Cuba and thence back to the Soviet Union. Had his disenchantment left him?

All this a jury would have to consider in seeking a motive. Oswald himself could not be made to testify if he did not wish to.

Secondly, as to opportunity: Did Oswald have an opportunity to kill the president? He certainly did.

Kennedy was shot by a sniper from a window on the top floor of the six-story Texas School Depository building, which overlooked the route of the presidential motorcade.

Oswald went to work for the firm last September, soon after it was announced that Kennedy would be visiting Dallas.

A man working with Oswald shortly before Kennedy was shot says he told him: "Oswald, let's go see the president."

"No," he quoted Oswald in reply, "you go on down and send the elevator back up."

So Oswald was in the building and had access to the window from which Kennedy was shot. As far as is known, no one saw him do the shooting. But neither was anyone able to offer him an alibi — place him somewhere else at the time of the slaying.

Next, the evidence:

The death gun found at the sniper's stakeout in the depository building was a 6.5mm Italian carbine.

Dallas Dist. Atty. Wade maintains: "The gun was here, his prints were on the gun, the gun was the gun that killed Kennedy, his palm prints were on the box on which the killer sat, and witnesses put him on the sixth floor at the time of the shooting."

There was further evidence. Oswald learned how to handle a gun in the Marines. Wade said Oswald bought the assassination rifle last March for \$12.78 from a Chicago mail order house. Authorities said they have a written order in Oswald's handwriting for the gun. An FBI check is said to show the serial number of the mail order rifle matched that of the assassination weapon.

The night before the assassi-

rigid pattern and went to nearby Irving, Tex., to spend the night with his wife. Normally, nation Oswald deviated from a he visited her only on weekends.

Next day, Mrs. Oswald noticed that a gun had disappeared from the garage, where it had been wrapped in a blanket. On the way to work in a neighbor's car next morning, Oswald carried a long paper-wrapped package. He said it contained window shades. It was long enough to conceal a rifle.

After the assassination, Oswald turned up four miles away from the depository building, near the rooming house where he lived in Dallas. When Dallas police officer J. D. Tippit tried to question him, eyewitnesses said he shot the policeman dead with a pistol. If he wasn't running from the scene of another crime, why did he fear the officer?

After Oswald's arrest, paraffin tests were made in an effort to detect any particles of gunpowder on Oswald's hands, and Wade reported: "Paraffin tests on both hands showed he had recently fired a gun."

Even more damning evidence was found in Oswald's Dallas room. It was a map of the city of Dallas. On it were marks at various intersections where the Kennedy motorcade was due to pass. There also was a line drawn from the School Book Depository building to the spot about 75 yards away where the bullet struck the president—a trajectory faithfully followed by the assassin.

All the evidence outlined publicly so far is circumstantial. But circumstantial evidence is sufficient to prove murder, if the jury accepts it.

A simple example of such evidence is: If a man emerges from a subway into bright sunshine, but sees wet pavements, gushing gutters and droplets of water dribbling down store windows, he may reasonably infer that it has rained. He didn't see it rain but the evidence is sufficient for him to accept as fact that it has.

There is one final factor in almost any murder trial: Oswald would have had the right to plead insanity as a defense. But he would have had to prove it. The state would not have to prove him sane.

The rule governing insanity in an American court room generally follows the M'Naghten law, which states: "To establish a defense on the grounds of insanity, it must be clearly proved that, at the time of the committing of the act, the party accused was laboring under such a defect of reason from disease of the mind as not to know the nature and quality of the act he was doing or, if he did know, that he did not know he was doing what was wrong."

That, then, oversimplified, was the known case against Lee Harvey Oswald had he lived to go to trial—a case weak in motive, solid on opportunity and strong with circumstantial evidence.

"I've sent men to the electric chair with less evidence," Wade declared.

SHAPE OF SUBS TO COME—Officer appears to be sitting inside a one-man torpedo, but he's actually standing beside an 18-foot-long model of a new type of submarine. Being tested at the U.S. Navy's David Taylor Model Basin at Carderock, Md., the vessel is driven by revolutionary "wrap-around" propellers. Resembling paddle wheels, the tandem props encircle the hull fore and aft. The pitch of the blades can be varied to drive the sub sideways, nose up or nose down or allow it to "hover" in one spot like a helicopter. The full-size sub would be 216 feet long.

and Mrs. Louis Hurt were present.

Decision to send a box of Christmas gifts to the state mental hospital at Fulton, was made by members of the Women's Society, Bunceton Federated Church at the Thursday meeting at the home of Mrs. D. T. Layne.

Contributions of \$15 each were made to Mercy Hospital, Kansas City, Marshall State School and Hospital, Fulton State Hospital, Boys Town in Missouri.

Mrs. Roy Blank was devotional leader. A poem was read by Mrs. George Dicus and each member quoted a favorite verse of Scripture. The devotional was closed with unison repeating of The Lord's Prayer.

Mrs. Dicus presided at the business meeting.

CLARKSBURG—Mr. and Mrs. R. C. Stephens left Friday to spend the winter in Colorado with their son-in-law and daughter and grandchildren, Dr. and Mrs. Max S. Peters and children, Margaret, Dixie and Stephen.

CLARKSBURG — Miss Vivian Holloway attended the teacher's convention recently in St. Louis. She visited Miss Marie Furkin and Miss Mildred Cobb. Miss Holloway is a teacher in Tipton.

Father Aggeler Shows Brazil's Mission Field

The Rev. Vincent Aggeler, missionary in Brazil, formerly of Clifton City, described his labors in the mission fields at the Nov. 20 meeting of Sacred Heart Home and School Association. He showed films and colored slides depicting Brazilian areas.

A report on the Nov. 16 smorgasbord was given.

Arnold Fisher thanked volunteers who helped prepare the playground for resurfacing.

The high school paper, "The Link," will include grade school news, it was announced. The paper is now sent to all parents of Sacred Heart students by the school office.

Mary Lewis, a senior, is in-

structor of the practice class. There will be no December meeting.

Children Are Tossed From Building Into Arms of Passerby

NEW YORK (AP) — Mrs. S. Rivera, 27, tossed her five children from the second-story window of a burning Brooklyn tenement into the arms of a passerby Thursday night. Then she jumped.

The unidentified hero vanished. The children range in age from 6 months to 11 years.

When do the tires give up?

Some owners never find out. We advertise 35,000 miles to a set. Some get closer to 60,000.

You can safely expect 15,000 miles more than you get with a regular truck.

The tires on a VW aren't loaded down with heavy fenders, frame, or hood.

VW welds its truck into one solid hunk to make it light and solid.

This takes nearly a half ton off the tires. (Which is also one half ton you don't buy gas for.) Even the engine saves you weight.

It's made of aluminum-magnesium alloy. (Lighter and stronger than aluminum itself.)

And you never need water or anti-freeze. So you don't even have to haul a radiator.

When you load the Volkswagen, the cargo sits in the middle because the engine's in back.

The tires share the load equally.

Even at that, though, some VW's won't get 35,000 miles.

A lot depends on the roads.

Volkswagen doesn't build those.

Yule Season Arrival Via TV Parades

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—Televised Thanksgiving parades Thursday made it official—the Christmas season has arrived. Santa Claus was sighted in various cities including Toronto, Detroit and New York.

CBS put its cameras on parades in several cities. ABC struck to one, in New York, and turned it into a real snappy theatrical production.

Special holiday entertainment wound up on NBC with a mildly diverting variety program presided over by Arthur Godfrey.

A couple of words in a sentence by guest Orson Bean obviously were erased from the tape of the program. A check with the network revealed the censored words were "President Nixon," a mild gag in a parody of a Longfellow poem.

The crack was innocuous when Bean made it during the taping some time ago. They were ordered out because events of last weekend.

An English cat expert, it is reported in the current publication of the National Audience Board, has spent three years watching 200 cats watch television.

Nerea de Clifford, the expert, reports that cats generally are not interested in TV once the novelty has worn off. When they do react, it is usually to sudden, quick movements on the screen, "possibly likening them to the flight of birds or the creep of a mouse," she said.

True romance, maybe leading to the altar, will begin to blossom in the Dec. 8 episode of "Bonanza," when a newly widowed woman meets Adam Cartwright.

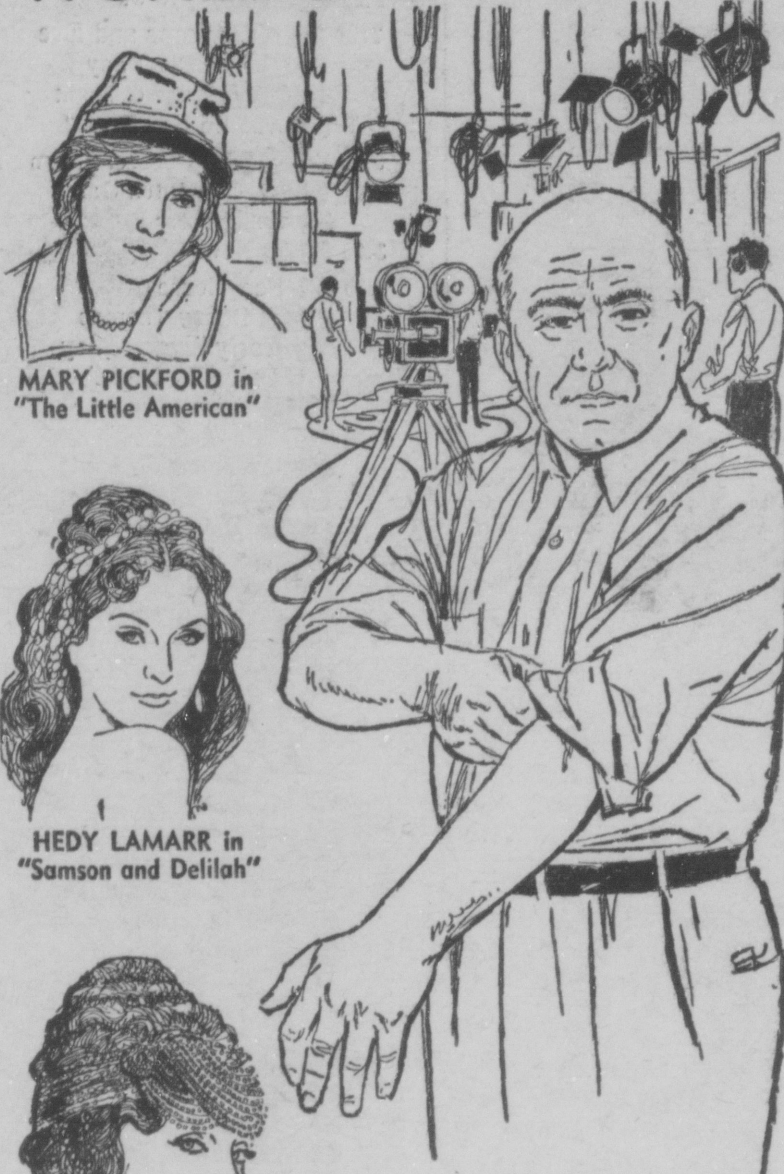

Earlier this season there was talk that the script writers would have Adam, after a few episodes, marry the widow—and move off the Ponderosa. Now, however, Pernel Roberts—who plays Adam—is not such a certain candidate for departure.

Takes Advantage Of Good-hearted Woman

CINCINNATI (AP)—Anna Bosse came home from church Thursday and found a young man sitting on the couch with his shoes off and talking on the phone. He'd fixed himself a hamburger and was drinking beer.

Mrs. Bosse, 57, said he told her not to worry—he wasn't a burglar. He was just having trouble with his wife and had no place to go.

He then asked her to fix him a cup of coffee and after she brought it, he said everything had been patched up and he was going home.

Mrs. Bosse told police she gave him 50 cents for bus fare—and then discovered he had taken \$3.50 from her purse while she was fixing the coffee.

HOLLYWOOD (AP)—You may not give a hoot, but folk music is big business nowadays, and the coming tycoon may well be handsome Randy Sparks.

He's from Leavenworth, Kan., by way of Oakland, a sharp operator who realizes there's more to the folk field than wearing a goatee and being able to plunk out the chords to "Foggy, Foggy Dew."

A couple of years ago, Randy was another of the growing horde of hootenanny dispensers. Today he is impresario of the New Christy Minstrels, who sell millions of records and can draw \$10,000 per night. Warming up in the wings are his new combos, the John Henry Singers, a Negro group "with more animal drive than the Christies," and a young outfit called the Ledbetters.

Sparks recently opened a folk-and-beer parlor in nearby Westwood where he will provide a showcase for new acts. He seems destined never to run out of hopefuls. He maintains in Encino a private dwelling which he calls the Folkhaus and which offers a haven for transient folk musicians. Also a place to rehearse—not without an occasional complaint from the neighbors.

Matter of Fact

Puttee or puttle is the name (adapted from the Hindu patti, the word for bandage) for an ankle-to-knee covering consisting of long, narrow cloth wound spirally. The advantage of puttees over leggings was said to be that they were not hard on the legs, could be used also as bandages or slings and occupied less space when not in use. Puttees were worn by most armies except the German in World War I; they gradually disappeared thereafter in favor of short leggings.

ROLES ARE ALL WET—
Yul Brynner waits his turn
for a wetting-down in a
scene for a movie about the
U.S. Air Rescue Command,
now filming in Kyoto, Japan,
with an American and Japa-
nese studio participating.
First in line: Mitsuhiro Sugi-
yama, 11.

DRAMATIC TURN—Long
noted for his ability at
comedy Milton Berle turns
toward dramatic acting.
Here desperation marks his
face as he portrays a cam-
paign manager fighting for
his political life in a tele-
vision show.

SHOES REBUILT

About to discard those old
shoes? Let us take a look at
them first! We're past mas-
ters at rebuilding the most
"beat-up" footwear to look
like new and give many add-
ed months of comfortable
wear!
